I'm not aware that Cecil had made edits; if he has, he's not yet shared them, so let's work from what we know.

I'm happy to do that, but I understood that Cecil was editing that version yesterday, so I don't want to generate competing versions. If we know that Cecil hasn't made changes, it's no problem for me to paste in and circulate.

to the best of my knowledge, the last version you circulated is the latest version – at least that’s what I’ve forwarded to Shawn. So please paste this into that letter, and circulate to the folks copied on this email and Cecil, Mary, and me.

thanks

Below is the language that you asked me to draft.

Ex. 5 AC/DP; Ex.7(A)

Ex. 5 AC/DP; Ex.7(A)

I cannot paste this into the letter as I do not have the latest version.

Please let me know if I can distribute this proposed language to R5.
